RESEARCH AREA

- Mental Health Nursing
- Family Health

TEACHING SUBJECT

Psychiatric Nursing
Psychiatric Nursing Practice
Introduction to Nursing Research
Introduction to Evidence-Based Health Care
Seminar in Professional Issues
Advanced Mental Health Nursing
Advanced Mental Health Nursing Practice
Nursing Research

HONOR

- 2023 2022 World's Top 2% Scientists, Stanford University team
- 2022 2021 World's Top 2% Scientists, Stanford University team
- 2021 2020 World's Top 2% Scientists, Stanford University team

RESEARCH PROJECT

- The effects of a digital shared decision-making intervention on improving healthcare outcomes in patients with schizophrenia and caregivers (NSTC 2024-2027)
- Dyadic relationships among mental health literacy, self-stigma, attitudes towards help-seeking, and health-related quality of life in patients with schizophrenia and their primary family caregivers: A longitudinal study (Second Year and Third Year) (MOST, 2022-2024)
- Dyadic relationships among mental health literacy, self-stigma, attitudes towards help-seeking, and health-related quality of life in patients with schizophrenia and their

primary family caregivers: A longitudinal study (First Year) (MOST, 2021-2022)

- The effectiveness of a family nursing education and training on mental health nursing professional and clinical outcomes (MOST, 2018-2021)
- Quality of life and family functioning in individuals with schizophrenia and primary family caregivers: A longitudinal study (MOST, 2016-2017)
- Correlates of caregiver burden and quality of life and the effectiveness of a brief family therapeutic communication intervention (BFTCI) for patients with schizophrenia and their primary family caregivers (MOST, 2014-2016)
- Family caregiving is an interactive process: Quality of life and its associated factors of individuals with schizophrenia and their primary family caregivers (NSC, 2013-2014)
- Quality of family-centered care and its associated factors: The exploration of psychiatric nurses, patients, and their families (NSC, 2011-2013)
- Positive and Negative Caregiving Experiences of Individual Family Caregivers and the Family Units Living with Schizophrenia (NSC, 2010-2011)

論文發表
